**Please attach the following items to this application form (HPMC 12.18.072):
If an item is not applicable, attach explanation.**

Applicant

- A description of the telecommunications services that are or will be offered or provided by the franchise applicant over its existing or proposed facilities
- A description of the transmission medium that will be used by the franchise to offer or provide such telecommunications services
- Preliminary engineering plans, specifications, and a network map of the facilities to be located within the Town, all in sufficient detail to identify
- The location and route requested for applicant's proposed telecommunication facilities
- The location of all overhead and underground public utility, telecommunications, cable, water, sewer drainage, and other facilities in the public way along the proposed route

Town Hall, 3000 Hunts Point Road, Hunts Point, WA 98004-1121. Phone 425.455.1834, FAX 425.454.4586. Permit intake and issuance hours are Tuesday and Thursday, 8am-12pm and 1pm-5pm. Building Services Department 425.455.1834.

- The location(s), if any, for interconnection with the telecommunications facilities of telecommunications carriers
- The specific trees, structures, improvements, facilities and obstructions, if any, the applicant proposes to temporarily or permanently remove and/or relocate
- If applicant is proposing to install overhead facilities, evidence that surplus space is available for location its telecommunications facilities on existing utility poles along proposed route

NOTE: All utilities in Hunts Point are underground and the Town shall have the discretion to deny the installation of any overhead wires, poles or facilities.

- If applicant is proposing an underground installation in existing ducts or conduits within the public ways, information in sufficient detail to identify
- The excess capacity currently available in such ducts or conduits before installation of applicant's telecommunications facilities
- The excess capacity, if any, that will exist in such ducts or conduits after installation of applicant's telecommunication facilities
- If applicant is proposing an underground installation within new ducts or conduits to be constructed within the public ways
- The location proposed for the new ducts or conduits
- The excess capacity that will exist in such ducts or conduits after installation of applicant's telecommunications facilities
- A preliminary construction schedule including completion dates
- A preliminary traffic control plan in accordance with the Town's street standards
- Financial statements prepared in accordance with generally accepted accounting principles demonstrating the applicant's financial ability to construct, operate, maintain, relocate, and remove the facilities
- Information in sufficient detail to establish the applicant's technical qualifications, experience and expertise regarding the telecommunications facilities and services described in the application

- Information to establish that the applicant has obtained all other governmental approvals and permits to construct and operate the facilities and to offer or provide the telecommunications services
- Whether the applicant intends to provide cable service, video dial tone service or other video programming service, and sufficient information to determine whether such service is subject to cable franchising
- An accurate map showing the location of any existing telecommunications facilities in the Town that applicant intends to use or lease
- A description of the services or facilities that the applicant will offer or make available to the Town and other public, educational and governmental institutions
- A description of applicant's access and line extension policies
- The area or areas of the town the applicant desires to serve and a schedule for build-out to the entire franchise area
- All fees, deposits or charges required pursuant to Article 6 of Chapter 12.18 HPMC.

NOTE: All costs from actual staff/consultant time will be billed to applicant.
