**Please attach the following items to this application form (HPMC 12.18.042):  
If an item is not applicable, attach explanation.**

### Applicant

- A description of the telecommunications services that are or will be offered or provided by the franchise applicant over its existing or proposed facilities;
- A description of the transmission medium that will be used by the permit applicant to offer or provide such telecommunications services;
- Preliminary engineering plans, specifications, and a network map of the facilities to be located within the Town, all in sufficient detail to identify:
- The location and route requested for applicant's proposed telecommunication facilities;

Town Hall, 3000 Hunts Point Road, Hunts Point, WA 98004-1121. Phone 425.455.1834,  
FAX 425.454.4586. Permit intake and issuance hours are Tuesday and Thursday,  
8am-12pm and 1pm-5pm. Building Services Department 425.455.1834.

- The location of all overhead and underground public utility, telecommunications, cable, water, sewer drainage, and other facilities in the public way along the proposed route
- The location(s), if any, for interconnection with the telecommunications facilities of other telecommunications carriers
- The specific trees, structures, improvements, facilities and obstructions, if any, the applicant proposes to temporarily or permanently remove and/or relocate
- If applicant is proposing to install overhead facilities, evidence that surplus space is available for locating its telecommunications facilities on existing utility poles along the proposed route

**NOTE: All utilities in Hunts Point are underground and the Town shall have the discretion to deny the installation of any overhead wires, poles or facilities.**

- If applicant is proposing an underground installation in existing ducts or conduits within the public ways, information in sufficient detail to identify
- The excess capacity currently available in such ducts or conduits before installation of applicant's telecommunications facilities
- The excess capacity, if any, that will exist in such ducts or conduits after installation of applicant's telecommunications facilities
- That the applicant has permission from the owner of the ducts to install any such facilities in the ducts
- If applicant is proposing an underground installation within new ducts or conduits to be constructed within the public ways
- The location proposed for the new ducts or conduits
- The excess capacity that will exist in such ducts or conduits after installation of applicant's telecommunications facilities
- A preliminary construction schedule including completion date
- A preliminary traffic control plan in accordance with the current edition of the Manual on Traffic Control Devices

- Financial statements prepared in accordance with generally accepted accounting principles demonstrating the applicant's financial ability to construct, operate, maintain, relocate, and remove the facilities;
- Information in sufficient detail to establish the applicant's technical qualifications, experience, and expertise regarding the telecommunications facilities and services described in the application
- Information to establish that the applicant has obtained all other governmental approvals and permits to construct and operate the facilities and to offer or provide the telecommunications services
- All fees, deposits or charges required pursuant to Article 6 of Chapter 12.18 HPMC;
- The application fee of \$250.00.

**NOTE:** All costs from actual staff/consultant time will be billed to applicant.
